

## *Generations & Gender Programme Newsletter*

**No. 80 | July & August 2022**

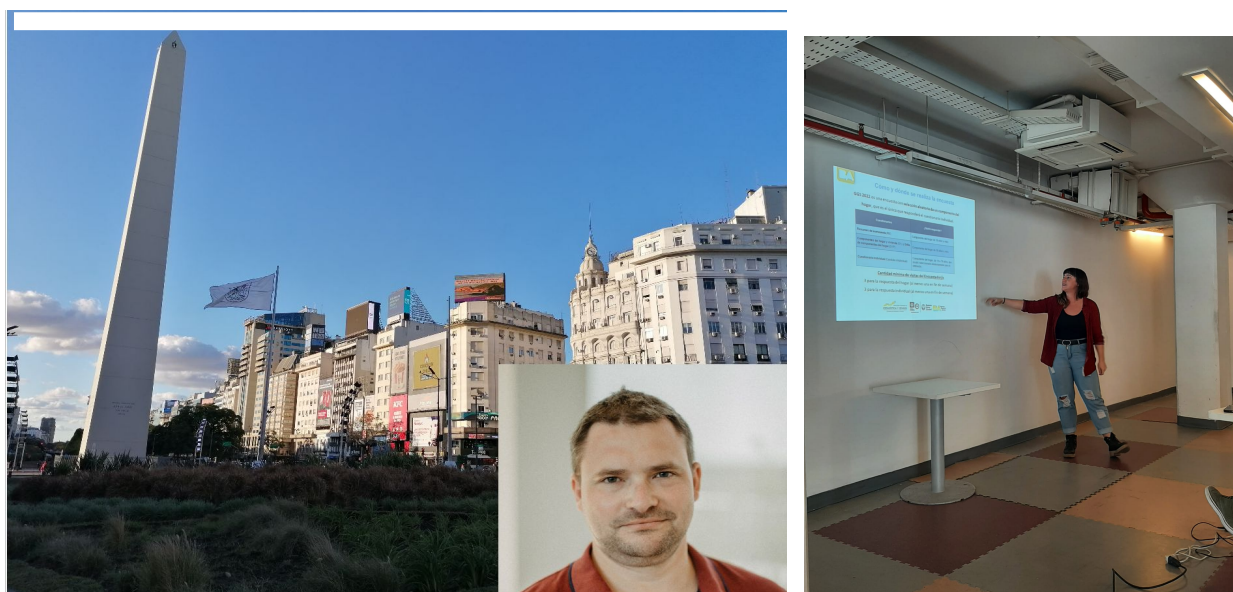

### ***Personal stories from the Republic of Moldova***

The Moldovan national team has been making great efforts to share the results of their Generations and Gender Survey with academia, public sector institutions and the Moldovan society. Part of this campaign is a set of **spot light videos** covering some of the main topics in the GGS questionnaire: migration, fertility, household task division, and relationships between generations.

Why not have a closer look at **infertility in Moldova** and get to know how many women and men report difficulty conceiving as well as how it gets treated? Watch the full video [here](#).

## *Fieldwork update*

Fieldwork of the GGS in Buenos Aires - Argentina will launch at the start of September. During the summer months GGP's Central Hub has been busy preparing the survey and collaborating with the regional team from Buenos Aires City Statistics Bureau. **Fieldwork coordinator Wojciech Jablonski has been on a study visit to Argentina to engage with stakeholders and deliver on-site training together with our Argentinian partners.**

The Generations and Gender Survey in Buenos Aires will be conducted as face-to-face interviews. Data collection is expected to be completed in December this year.

***Fancying a COORDINATE Transnational Access  
Visits? Apply now!***

The second call for the COORDINATE Transnational Access Visits is open for applications. This programme enables researchers and policy practitioners in the area of children and youth wellbeing to visit research infrastructures and access the most relevant European birth cohort, panel and cross-sectional survey data. Successful applicants will have the opportunity to spend from one to three working weeks at one of the eight partner institutions, gain access to data, conduct their own research, benefit from the support of local experts, and expand their skills. Applicants' travel costs, accommodation, and subsistence will be reimbursed as specified in the call.

The deadline for application is **September 29, 2022**.

More information on the call and how to apply can be found [here](#)
