COORDINATE & GUIDE Meeting in Zagreb

On 4 and 5 March Öykü Akın, Vytenis Deimantas, and Julia Rokos from the GGP Central Coordination Team travelled to Zagreb, Croatia to participate in the **last COORDINATE consortium meeting and the GUIDE (Growing Up In Digital Europe) conference** titled Child Wellbeing: Longitudinal Evidence for Research and Policy.

The meetings included **updates on the various work packages** as well as a reflection on and **celebration of the last four years of the COORDINATE project**. The conference then focused on the **future and impact of GUIDE** as well as the first insights gained through the various work packages of the COORDINATE project. Within the COORDINATE project the **GGP team was involved in multiple work packages** focused on, among other things, establishing a remote data access environment and providing training and outreach opportunities to various stakeholders. **The GGP also was the top institution for the COORDINATE Transnational Access Visits**, receiving 33 visitors in total!

Call for Abstracts: FReDA User Conference 2025

We are pleased to announce **FReDA User Conference 2025** and invite submissions from researchers working on family, life course, and demographic research!

FReDA User Conference 2025 (Oct. 20–21, 2025 – Wiesbaden, Germany)

This conference provides a platform for researchers using FReDA data to present findings and exchange ideas on family and demographic research.

Welcomed topics include:

- Family & relationship dynamics
- Life course & demographic change
- Methodological innovations in survey research

Abstracts should be no longer than one DIN 4 page and must include the title of the presentation as well as the names, e-mail addresses and institutional affiliations of all authors.

Deadline: May 9th, 2025

Submit to: freda@bib.bund.de

For more details, visit: [FReDA User Conference 2025](#)

Infra4NextGen Consortium Meeting in Tilburg

The 2nd **Infra4NextGen Consortium meeting** took place on March 18-19 at Tilburg University, home to the European Values Study.

The event highlighted significant progress made in the project's first year, driven by a **collaboration of over 30 institutions, including GGP**. Upcoming milestones include the release of **inventories of survey items** from major cross-national surveys, as well as **data from the CROss-National Online Survey 3 (CRONOS-3) Panel**. These efforts focus on key themes of the NextGeneration EU recovery plan: Digital, Equal, Green, Health, and Strong.

Updates from the GGP Central Hub

Fieldwork: GGS-II Wave 1 (Baseline questionnaire)

Data collection in Taiwan was concluded on the 14th of March, with over 3,000 CAPI interviews and over 4,900 completed CAWI interviews. **Fieldwork preparations** are also ongoing for many countries such as **Iceland, Italy, Latvia, Lithuania, Poland and South Korea**. **Italy will be the next country going into the field in April.**

Fieldwork: GGS-II Wave 2 (Follow-up questionnaire)

Czechia is currently in the field, with over 1,800 conducted interviews in CAWI mode. **Estonia also began data collection** at the beginning of March with over 3,300 conducted interviews in CAWI.

Data processing

Data processing is underway for **France** and **Taiwan** (Baseline questionnaire), with **France scheduled for release in the coming weeks**. Additionally, **Moldova** (Follow-up questionnaire) is being finalised, with a **launch event planned for September**.
